ru'sFARM CRATE CLUB

Introducing.... ru'sFARM Crate Club

Ru's Farm is a truly wonderful place that combines the very best of Sonoma's wine country and farm lands...15 acres of rolling estate vineyards, amazing gardens and lawns, and an incredible barn built in 1902. Towering over it all is our 100-year old majestic cork oak tree, which really does add a special magic to the whole place.

Let this little country farm become your home away from home. Discover organic, seasonal fruit and veggies at every turn, and when the girls are laying, you'll find a few farm fresh chicken eggs for breakfast (with love from Fifi, Josette, and Clementine). Stay with us and pick your own fresh treats straight off the trees – it is all about enjoying the seasons and the fresh air out here.

ru'sFARM Crate Club

Five times a year you will be shipped farm fresh surprises from our land... Growlers of pinot noir, sauvignon blanc or rosé, heirloom strawberry and thyme jam, organic olive oil and honey, and heritage Gravenstein apple cider are some of the treats that will await you throughout the year.

Discover, adventure, taste, and harvest. There will be plenty of opportunities to join us on the farm and experience cider making, a home-made ice cream social or a banjo jamboree. We will mix it up year to year so that there are always new surprises in store. Sonoma County has a long tradition of packaging up their wine in jugs and delivering harvest produce to share with neighbors and friends...thank you for joining us and for keeping these traditions alive!

Of course this is a place to come...time and time again.

A little hideaway. To refill your cup,

To tell tales, to laugh and to make new friends.

This is a place that always feels like home.
